تأسست شركة **عماد صويس واخوانه (عمون للصناعات البلاستيكية)** في العام 1993 امتدادا لخبراتنا منذ عام 1975 كمصنع صغير متخصص في صناعة الأدوات البلاستيكية. بدأت رحلتنا مع آلة حقن صغيرة وزادت شهرتنا يومًا بعد يوم حتى أصبحنا اليوم من الرواد في الأردن والشرق الأوسط. تطورت منتجاتنا لتشمل تشكيلة واسعة من الاصناف المخصصة للتعبئة والتغليف، مواكبةً للتغيرات والتطورات في السوق واحتياجات العملاء.

اليوم، نفتخر بأن "**عمون**" ليست مجرد اسم، بل هو رمز للجودة والخدمة الممتازة. تقع جذورنا في قلب عمان، ولكن رؤيتنا تمتد إلى الأفق، حيث نسعى لتقديم حلول تعبئة وتغليف تجمع بين التراث والابتكار.

Established in 1993, **Ammon (Imad Sweis & Bros. Co)** began its journey as a modest facility specializing in single-use plastic utensils as an extension of our experience since 1975. From our humble beginnings with a singular injection molding machine, our reputation grew day by day, positioning us today as industry leaders in Jordan and the Middle East. Our product range has evolved to encompass a broad array of one-time use packaging, aligning with market shifts and customer needs.

Today, "**Ammon**" is not just a name – it stands as a symbol of exceptional quality and service. Rooted in the heart of Amman, our vision extends beyond, as we strive to deliver packaging solutions that bridge heritage with innovation.

في عام 1993، نشأت فكرة عمون في قلب عمان، الأردن. بدأت كمصنع صغير متخصص في الأدوات البلاستيكية القابلة للاستخدام مرة واحدة، وقد كانت البداية مع آلة حقن صغيرة. ومع مرور الوقت، ازدادت أعمالنا وأصبحت تغطي مناطق أوسع في الأردن والشرق الأوسط. مع كل مرحلة نمو، كان هناك التزام ثابت بالجودة والابتكار. اليوم، تفخر عمون بأن تكون واحدة من أبرز الشركات في مجال توفير حلول العبوات المستدامة في العالم.

In 1993, the idea of Ammon was born in the heart of Amman, Jordan. Starting as a modest facility specializing in single-use plastic utensils, our inception was marked with a singular injection molding machine. As time progressed, our operations expanded, reaching broader territories within Jordan and the Middle East. With each growth phase, there remained a steadfast commitment to quality and innovation. Today, Ammon takes pride in being among the foremost companies in the realm of sustainable packaging solutions in the world.
